AFRICA

PILGRIM LTD.

But if anyone has the world's goods and sees his brother in need, yet closes his heart against him, how does God's love abide in him? 1 John 3:17

ANNUAL REPORT
2017

Our Mission

To challenge despair, love boldly, and create a future of sustainable prosperity and health.

Our Projects

Katakwi Rotary Malaria Project

Our work aims to make malaria control cheaper, faster, and more effective. In communities with very high transmission rates and few resources, we integrate community-led vector control and medical care to produce the largest possible impact. This project is a partnership with Rotary International and is supported by the Bill & Melinda Gates Foundation.

Beacon of Hope School

This top-ranked secondary school in Soroti educates over 700 children each year. We're bringing a STEM (Science, Technology, Engineering, and Math) program with hands-on, project-based learning to the rural classroom. We provide full scholarships for students whose families have been affected by poverty, conflict, or disease.

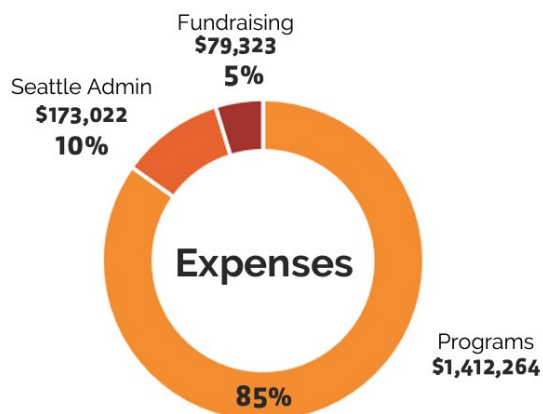

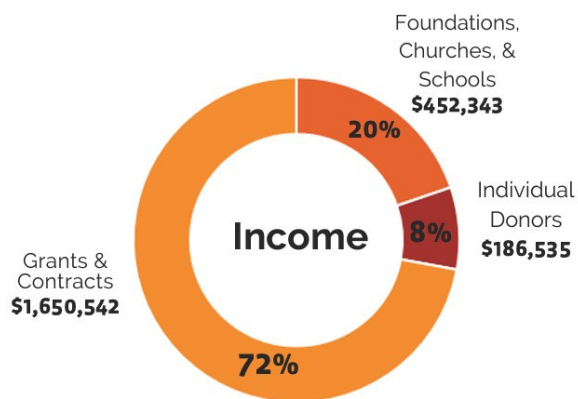

Beacon Medical Center

Our Beacon Medical Center serves the students and staff of Beacon of Hope, as well as the surrounding community. Treated 6,246 patients, 3,702 of whom were BOH students. Had 2,987 suspected malaria cases and 523 were confirmed and treated.
